STREET PER

THE "BLACK HAWK" MANURE SPREADER

Is simple in construction, and easy to operate. The wide spread attachment enables the farmer to spread a width of 74 feet. This spreader is easy to load because it is low-down.

Anyone who is in the market for a spreader cannot afford to lose the opportunity of examining the "Black Hawk" before placing his order elsewhere.

War and Life Insurance

THE NEW YORK LIFE, the acknowledged LEADER of life insurance companies, has adopted a most liberal "WAR CLAUSE," consistent with the safety of its policy-holders. In addition to its other securities—the BEST to be had—it has invested VERY LARGELY in the U.S. Liberty Bonds.

Policy-holders of the New York Life not only have the most unquestioned PROTECTION, but receive ALL THE DIVIDENDS declared, and do not have to SHARE the same with stock-holders and speculators.

priced food this fall. To plant seed on the seed that does not germinate, the blade

If wheat is grown in rotation with oats or after wheat, the stubble should be tain a soil mulch on the surface. The county, Maryland, on earlier the preparation of a seed bed

If a cultivated crop precedes wheat, crop will preserve moisture and maintain a soil mulch. If level cultivation, has been practiced, a good seed bed easily can be prepared by disking and harrowing after removing the crop. However, if weeds are present, it may be advisable to plow shallow, the disk preceding and following the plow. Early plowing followed by thorough tillage, aids in catching the water which falls and in conserving this and the water already in the soil for us. by the wheat plants. The firm see, bed under the mulch thus made ea ables the young plants to make us of the subsoil waters which rise whe. there is a perfect union between plowed soil and the sub-soil Sufficien. moisture is thus assured for the ge mination of the seed and for the earl fall growth of the seedlings, a very in portant consideration. Plant food is so likely to be more abundant in to soil when such methods are employe. if the importance of thorough ets declare. In this area the mist to often made of thinking there

NEED DENTAL BERVICES

Oral Buff Dos Are Asked to THE of Drofted Men.

Former Major John Del' Do. of the Marylan | Quartermaster Co. writing for Adjutant-General He M Warfield by direction of Gov. erson C. Harrington, the Local Be. for Queen Annes younty has rece. the following letter

The Provost Marshal-General

written as follows: "Most of the members of the de profession of your state have v teered to give free dental treata to all men accepted for the Nath Army. The dental surgeons propose, as far as possible, to place in order the teeth of each selected man before This service is to be performed under Surgeon General U. S. Army.

"Under the law, only one dentist, per thousand is permitted in the army. One dentist to the thousand is not sufficien to care for the dental needs of the new army before it is ordered to foreign service. The patriotic offer of these members of the dental profession is, therefore, of great value, not only to the comfort, but to the effici-

ency of the National Army. "It to not desired to add to the many labore which local boards are already performing. Therefore, it is suggested. selected men, but that they be urged to give the widest possible local publicity to it and that they be encouraged to cooperate and lend assistance when their local dentists ask for the names and addresses of accepted
